## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 2, 5-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 2, line 2, is unclear how the first bend (32) is 90 degree?

Claim 5, line 5, "a third bend" without mentioning first and second bends.

Claim 5, line 6, "a second bend" without mentioning first bend.

Claim 5, line 8, "a fifth bend" without mentioning first and fourth bends.

Claim 7, lines 1-2, "the cover pre-step portion is at or about 90 degrees" is unclear. The pre-step (24) appears to be 180 degrees.

Claim 8 has similar problem.

Claims 5-8 are not considered over prior art because of 35 USC 112 problems

Claim 6 is included because of its dependency.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by McMiller et al.

McMiller et al disclose a chassis cover (102) comprising a hem assembly (232), a chassis back (100) (re claim 1)

Re claim 2, a first bend and a second bend (Fig 4)

Re claims 3, 4, a hem lip comprising dimpled spring fingers (234), a hem edge (Fig 4).
